**4.3.1: Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities:**

The head and senior faculty of each department of the College in consultation with the senior faculty of Computer Science and Engineering department finalizes a comprehensive policy about the procurement of computers along with its operating software and application software to provide comprehensive information security, risk management and software asset management.

- Computer systems are upgraded with latest configuration whenever need arises.
- Individual up gradation of the computers is taken up as per the need and requirements of the various departments.
- Enough provision is made available in the annual budgets for the procurement of the computer systems.
- Once new systems are procured, they replace with the existing systems as per the requirements of the departments.
- All the computer systems in the campus are regularly monitored by the system administrator and maintenance staff.
- The trouble/problems experienced by the computers in the various laboratories are entered by the laboratory programmers/technicians in the complaint register which is kept in the central office.
- The maintenance staff will then go to the respective laboratories for identification of the problems and resolves the same at the respective places.
- All the servers are in the college with respective service providers and are maintained regularly with AMC.
- Internet at a speed of 1 Gbps access for internet browsing requirements. All the campuses are Wi-Fi enabled.
- The college is connected to network, which provides access to a large number of libraries, online lectures, archived lectures of various IITs, virtual classrooms and many more facilities available under NKN.
- Language labs with student consoles and language lab software and digitized audio and video material to develop interactive language skills.

Total number of Systems	Computing facilities (i.e. hardware and software.)
600	Processor: Intel i7 4 <sup>th</sup> gen Processor 3.40GHz, RAM: 8GB, Hard Disk: 500 GB, Monitor: 18.5'' Dell Monitor (LED)
