PROGRAM REPORT

Name of the Program: Career Counseling

Date: 04-03-2023

Timings: 09:30am To 04:00pm

Resource Person: Mr.G.Santhosh Kumar

Contact Details: 6301174781

Number of Participants: 1097

Kasireddy Narayanreddy College of Engineering and Research provide a Career Counseling for the students to improve their professional skills with respect to placements.

Topics Covered:

- Quantitative Aptitude
- Logical Reasoning
- Verbal and Communication English
- Review on Technical Skills
- Career and Marketing Skills
- Resume Building Skills
- Group Discussion and Interview
- Company Specific Training
- Preparation Skills

The Career Counseling programme saw active participation from all of the students. Students were able to comprehend numeric aptitude, logical, reasoning, technical, and communication abilities as a result of the training. Because so many students were capable of understanding placement drives with confidence, the program's goal was met. It fosters positive vigour, excitement, self-assurance, and patience, all of which aid in the development of the ideal student. Students were encouraged to grow in their leadership abilities, which improve their ability to make decisions. Making decisions enables independence and builds a solid foundation for leadership development. The lesson covered a variety of talents; including intrapersonal skills that help people better understand themselves, their mental processes, and their intelligence. Understanding others' feelings and opinions requires interpersonal skills, which are essential for participating in teamwork. Working as a team not only improves unity but also makes tasks less complicated.
