Kasireddy Narayanreddy College of Engineering and Research provide a good communication skills and soft skills for the students to become a professional student.

Topics Covered:

- ❖ Verbal and Communication English, Review on Technical Skills.
- ❖ Listening and Resume Building Skills
- ❖ Group Discussion and Interview ,Company Specific Training
- ❖ Preparation Skills and Positive attitude.
- ❖ E-Mail Writing.

All the students actively participated in Soft Skills Program. The outcomes of the program was the students are able to understand the writing professionals, E-Mail writing able to pronounce words correctly and improved listening skills.

In the present worlds scenario soft skills play a vital role students were explained how to inculcate listening skills, which are the first and foremost skills which help them in nurturing while in higher education and also how to develop positive attitude with friends and teachers. it develops positive energy, enthusiasm, self-confidence and patience which help them in becoming a perfect student. Students were encouraged to develop leadership qualities which enhance their decision making skills. Decision making helps in being independent and lays a strong foundation to evolve into a leader. This session covered various skills like Intra personal skills that help in understanding them self their thought process, their intelligence and mould them in better way. Inter personal skills which help in understanding others emotions and thoughts which plays a crucial role in getting involved into team work. Team work helps in bringing up the quality of unity and also reduces the complexity of task.
