About the Institution

Founded in 2008, Kasireddy Narayanreddy College of Engineering & Research is one of states most distinguished colleges. It has a student strength of more than 3,000 and a large and vibrant team of faculty.

Hope you will find your career preferences to twinset our academic interests, and social and leisure activities that will subsidize to your overall welfare, gratification and individual development.

Our campus is a 70 acre stretch of land with hillocks on one side and plain area on the other three sides. The students are provided with plenty of opportunities to develop their individual talents and

abilities and to aspire for excellence in academic and personality development. We believe in engender and promulgate knowledge and talent in core and frontier disciplines through innovative education

programs, research, industrial training and consultancy and developing a new cadre of proficient citizens with a high level of competence.

profound sense of social commitment and moral ethics.

About the Department of ECE

The Department of Electronics and Communication Engineering was established in 2008. It has experienced and qualified teaching and non teaching staff. The department has MOU with many institutions thus bringing the between institute and industry through internships, training programs, guest lectures, industry based projects and other interaction programs.

Vision of the Department

To be a center of academic excellence providing quality education in **ELECTRONICS AND COMMUNICATION Engineering**

Mission of the Department

- To create an active learning environment.
- To blend the faculty research under students project work.
- To promote inter disciplinary interaction and teamwork among the students.
- To update the students with recent trends in industry and research.

About the Course

Objectives of the FDP are to train our Indian technocrats to solve issues address by National Educational Policy (NEP), creation of new knowledge, develop robust research echo-system in, "CHALLENGES AND OPPORTUNITIES IN VLSI FOR IoT APPLICATIONS" at our college.

This mainly involves softwares like ERP, Social media, Reference globe and many more...

At the end of the FDPs, delegates are able to

1. Moore's Law
2. Micro Controllers
3. Micro Processors.
4. Computers.
5. Iot applications in agriculture
6. Iot applications in healthcare.

Travel and Accommodation

Accommodation and TADA expenses are to be met by the Participants. No accommodation will be provided by the Institute. The participants have to arrange their accommodation at their own.

Food

Lunch, snacks and tea will be served to the registered participants at free of cost.
