Date: 02-July-2021

Policy documents of Alternate sources of energy and energy conservation of the institution

To promote environmental consciousness and holistic development of students, has adopted Energy Conservation Policy for an “Environment of educational excellence.” The institution aims to realistically and Comprehensively reduce energy consumption, assure acceptable indoor air quality and Improve energy efficiency on campus through methods that are consistent with a safe, secure, And Eco-conscious campus community. As outlined in this policy, energy conservation will Be Accomplished by developing a proactive and progressive approach to providing energy Efficient, responsible, and cost-effective operations.

Applies to:

Faculty, staff, students and visitors.

Energy conservation practices and eco-friendly habits are inculcated among students

And staff through cautioning them about simple things which are really effective to reduce

Electricity Consumption like students and staff turning off all lights, appliances and Electronics not inuse.

- Our Energy conservation practices include the College replacing all tube lights

With LED tubes, LED bulbs being the most energy efficient lighting option. LED

Tubes use 75%less electricity than incandescent tubes (Energy Star). LED tubes last about 25 Through LED.

- Annual Energy audit is made mandatory.
- has developed a plan

To save energy at the institution level with time-bound plan towards energy conservation. Thus the institution has adopted a mechanism to use renewable energy and install 70 KWP Solar power Station. This not only enables the institute to have 24x7 power supply but also Ensures that renewable energy is used to meet more than 30% power requirement, thus Subscribing to Environmental Sustainability.

- Sustainability efforts, energy savings, and greenhouse gas inventory metrics are all High prior to a college and more importantly, to our students. Energy improvements occur mostly out of sight So raising awareness of these projects can hold real benefits, including encouraging desired Behavior on how a campus building can and should be used to contribute to a college's carbon Footprint reduction goals. Rising utility rates are generally a fact of life. Just like inflation, The cost of electricity, gas, and water will go up a few percentage points each year.

Save Energy TIPS to be followed:

1. Activate power management features on computer and monitor so that it will go into a Low power "sleep" mode when the students and staff are not working on it.
2. Turn off the monitor when the students and staff leave the table.
3. Activate power management features on laser printer.
4. Whenever possible, shut down rather than logging off.
5. Turn off unnecessary lights and use daylight instead.
6. Avoid the use of decorative lighting.
7. Use LED or compact fluorescent bulbs.
8. Keep lights off in conference halls, classrooms, seminar halls when they are not in use.
9. Use the fans only when they are needed.
10. Unplug appliances into power strips (Like TVs, Refrigerators, ACs, tea/coffeepots, printers, and chargers etc.,)

**Policy documents of Management of the various types of
degradable and non degradable waste**

INTRODUCTION

The college is located very close to the city which is surrounded by greenery. Most of the students are coming from Villages of various Dist. Being a rural background student, they don't have much knowledge About waste management.

So, it is necessary to keep the college campus clean and ecofriendly by creating awareness About the cleanliness, health and hygiene among the student community. So, policy is framed To maintain and manage the waste generated during college hours.

This policy envisages to guarantying the moral, social and legal responsibilities of the College in creating an environment-friendly and sustainable world devoid of waste and Exploitation of nature.

This policy is a guide to the faculty, non-teaching staff and students to behave responsibly in the production of waste, waste segregation, storage, handling, Transport and disposal.

KASIREDDY NARAYANREDDY COLLEGE

Abdullapur (V), Abdullapurmet (M),
R.R. District-501 505.

KASIREDDY NARAYANREDDY COLLEGE OF ENGINEERING & RESEARCH.

(Approved by AICTE & Affiliated to JNTUH)

Abdullapur (V), Abdullapurmet (M), R.R Dist, 501505, Telangana, INDIA.

Email : principal@knrcer.ac.in ; website: www.knrcer.ac.in

POLICY OBJECTIVES

- Creating awareness among faculty and Students about the ways in which waste is generated and the means by which they can reduce waste generation
- It is instructed to college development committee (CDC) recruited temporary Staff to segregate degradable and nondegradable waste
- Following the five “R” principle of reduce, reuse, recycle, refuse and regenerate.
- Maintaining the campus to minimum plastic use
- To reduce waste generation during college programs and day today work in the campus.
- To encourage holistic approach of waste management in the campus
- Educate and create Awareness to the community about proper waste management through extension activities

POLICY FOR SOLID WASTE MANAGEMENT

- The solid waste generated in the college is related to the day-to-day activities should be segregated in to degradable and non-degradable waste
- The students should be encouraged to discard wastes to the respective baskets based on the type of solid waste
- Dustbins should be kept in each class rooms, ladies’ room, staff room, laboratories and library of the college
- It should be monitored by the NSS should actively take part in collecting the leaf litter and other degradable waste for making bio compost
- The food waste generated by the students, staffs, and at canteen is used at biogas plant

LIQUID WASTEM MANAGEMENT

Liquid waste generated in the institute comes under three categories. So, policy is framed to manage such liquid waste in the campus.

- Waste water should be released in to college garden.
- Awareness about the importance of drinking water should be explained the beginning of the academic year to the freshers of the college. E-WASTE MANAGEMENT Electronic waste includes damaged and unserviceable CD's, printers, monitors, hard disc, scanners, calculators, battery, mouse, Key pad, CPU, Xerox machine etc.,
- E-wastes should be placed in the separate room & disposed to E-waste vendor separately for regale.

Policy document of Water conservation

Water Conservation and Management Policy

Consequent upon the decision taken by the IQAC and subsequent approval of the Managing Committee of the college to formulate Institute Policy on Water Conservation and Management. Basically, conserving water is an excellent way to save the environment and put off chores. Rainwater harvesting is one of the most efficient and effective ways of conserving water. It is more like the recycling of natural water.

This document covers the following:

1. Water Resources
2. Workshop/orientation Programme on Save Water Mission
3. Save water
4. Benefits of Water conservation
5. How to Manage Water in College.

Water Resources in the Institute-

1. Bore well from where the water is stored in the tank having a capacity of 20,000 liters.
2. Provision of (rd) water purifier system / water filter & coolers which purifies the water for drinking purpose.
3. For rain water harvesting, we have ground water recharge pits in the college campus. They consume the water into the ground and hence the rain water gets harvested properly.

KASIREDDY NARAYANREDDY COLLEGE OF ENGINEERING & RESEARCH.

(Approved by AICTE & Affiliated to JNTUH)

Abdullapur (V), Abdullapurmet (M), R.R Dist, 501505, Telangana, INDIA.

Email : principal@knrcer.ac.in ; website: www.knrcer.ac.in

Save water:

1. Avoid leakage of water from the taps.
2. Turn the tap off when not in use.
3. Rainwater harvesting in another method to conserve water.
4. The water supply should be limited in those areas which enjoys the unlimited water supplies.

The benefits of Water conservation are:

- Saving money, environment and energy.
- Protecting the drinking water resources.
- Reduce or minimize the pollution and health problems.
- Reduce the need for new waste water treatment facilities.
- Save the aquatic environment.

How to Manage Water in College

Water conservation and management encompasses the policies, strategies and activities made to manage water as a sustainable resource, to protect the water environment, and to meet current and future human demand, these areas are usually associated with large population centers or agriculture, where water use is high.

Here are ways students can help conserve the world's most precious resource with little effort and no cost!

KASIREDDY NARAYANREDDY COLLEGE OF ENGINEERING & RESEARCH.

(Approved by AICTE & Affiliated to JNTUH)

Abdullapur (V), Abdullapurmet (M), R.R Dist, 501505, Telangana, INDIA.

Email : principal@knrcer.ac.in ; website: www.knrcer.ac.in

1. Bring a reusable water bottle / cups to canteen to decrease the amount of cups that need to be washed.
2. Avoid food trays when possible.
3. Use a dishwasher (if have one) instead of hand washing to use less running water.
4. Garden/Plants need regular supply of water to grow.
5. Use “leftover” water from a drinking glass or from washing fruit and veggies to water plants.
6. Water plant in the early morning / late evening to decrease the amount of evaporation.
7. Have a leak or drip timely repaired
8. Schedule showers for post-exercise to avoid taking multiple showers in a day.
9. Report leaks on campus and in your neighborhood workshop.
10. Rain water collected at the terrace should be either directed to the water harvesting pits or directed to the play field/garden.

The Green Policy of the Institution

Kasireddy Narayanreddy College of Engineering & Research endeavors to implement a human environmental co-existence model promoting welfare of the society through environmental protection. The policy encourages National and International benchmark for a social and environmentally sustainable campus and set an action plan for environmental culture, management and conservation. The Green Policy of the Institution covers the following points.

The Institute should abide by the policy and follow the regulations in the matters of its future developments, infrastructure, constructions and action plans Institute shall integrate environmental concerns into its every day practice.

The institute should practice conservation and utilize the natural resources as per environmental laws, regulations and standards for protecting the environment. The Institute should foster a culture to support and promote the principles and values of social and environmental sustainability.

Institute should make a commitment to reduce consumption and wastage of energy. And explore renewable energy sources as far as possible. In order to do this, the Institution should establish and maintain strategic partnerships with the students, staff local governing bodies, private companies and NGOs to develop and promote environmentally sustainable practices through MOUs wherever required.

The institute should establish a Sustainable Environment Management Committee (SEMC). The Committee should be empowered to make decisions and execute them regarding the sustainable environment management of the campus. The committee should strictly follow the laws and regulations set by the State Government in order to reduce harmful effects on the environment, human health and safety.

Institution should explore the possibilities of adopting eco-friendly culture and green buildings. The built environment of the Institution should reflect Institution commitment towards ecology as far as possible.

KASIREDDY NARAYANREDDY COLLEGE OF ENGINEERING & RESEARCH.

(Approved by AICTE & Affiliated to JNTUH)

Abdullapur (V), Abdullapurmet (M), R.R Dist, 501505, Telangana, INDIA.

Email : principal@knrcer.ac.in ; website: www.knrcer.ac.in

Institution should be committed towards ensuring the quality of food purchased, prepared and served in the canteen towards enhancing the health of the campus community and the environment.

Some of the key areas that the SEMC should concentrate adherence to the Green Policy guidelines are as given below:

The Institute should try and meet its energy needs by using local and renewable energy sources to the extent possible.

Reduce electricity consumption. Awareness should be given to the staff and students regarding the energy wastage.

The large roof top area of the institute can be installed with solar energy panels. Solar heating technology can be introduced for hot water requirements.

Waste management:

Building up a system – As per the green protocol, the institute should segregate and manage the waste. Constant efforts should be made for building up a fully functional system for waste management which should rest on the principle of reduce, re-use, repair, replenish and recycle.

Awareness Should be given to the entire Institution community on waste management and waste segregation.

Green Auditing: Green audits should be conducted by a third party on regular basis to ascertain the adherence to the policy.

Environment Management Fund:

The Institute should constitute an Environment Management Found which can be utilized for recurring expenditures to ensure a sustainable campus. The maintenance of green area, furniture and reusable assets, alternative energy sources like solar panels, the rain water harvesting system and biogas plant should be to taken care by this fund. The decision regarding the mobility of his fund should be reviewed by the SEMC.

Policy Circular on Disabled Friendly barrier Free Environment

As per the general body meeting held on 03-07-2017, the management is decided to provide the following facilities for Disabled Friendly barrier free environment in the Institution.

- 1. Built environment with ramps & lifts:** In order to facilitate the Divyangjan for access to class room, lift with a carry capacity of 4 members may be installed. Apart from the lift arrangement, ramps construction at main entrance and all labs on the ground floor are required to be completed immediately.
- 2. Divyangjan friendly washrooms:** Divyangjan friendly wash rooms with Western style lavatories wheels chairs and walker are required to be provided.
- 3. Display Board & Sign Posts for tactile paths:** Tactile paths way to the additional building blocks from main block along with lights, display boards are required to be provided.
- 4. Separate screen reading Software or Lipi** should be procured and keep in the college.
- 5. Suitable reception counter** with human assistance or scribe and screen reading material should be setup.

Dear Sir,

Sub: Order for supply of 34 kWp Grid Interactive Solar Power Plant Reg.,

As per your reference cited above, you are informed to supply the following materials/equipment's required for KASIREDDY NARAYANREDDY COLLEGE OF ENGINEERING AND RESEARCH (BRILLIANT GRAMMER EDUCATIONAL SOCIETY) (Abdullapurmet) as per terms and conditions given below. The following items supplied should meet the specifications mentioned in your quotation cited in the reference.

S.No.	Name of the material/equipment	Amount (Rs.)
1.	Design, supply of 32 KWp Solar Rooftop PV system with require accessories and elevated module mounting structure on building roof.	19,50476/-
2.	Installation & Commissioning of 32 KWp Solar PV System.	
3.	G.S.T @ 5%	97,524/-
	Total	20,48,000/-

Terms & Conditions:

- Taxes:-** All Taxes Included above.
- Delivery:-** Within 4-5 weeks from the date of receipt of PO and Advance.
- Installation, Testing & Commissioning:-** The plant will be installed and commissioned within 1-2 weeks from the receipt of material as site.

BUSINESS PROPOSAL

To,
Kasireddy Narayanreddy College of Engineering & Research ,
Abdullapur (V), Abdullapurmet (M), Rangareddy (D),
Hyderabad – 501505, Telangana.

Dear Sir/Madam,

Sub: Proposal for lifting recyclable waste from your esteemed Institution –Regarding.

Next Era Energy Resources., is a technology- based waste management start-up, by young and socially responsible entrepreneurs with an objective to safeguard the environment.

We recover dry recyclable waste and help the material get to their next best use by ensuring that it is being recycled/up- cycled efficiently , which in turn helps to conserve natural resources and protect the environment.

We would like to pick the dry recyclable from your Institution at below mentioned prices:

S.NO.	Description	Price(Rs/Piece)
1	Paper waste*(books, old records, newspapers, etc..) excluding hard bond covers.	12.00
2	Metal Waste	14.00
3	Plastic	5.00
4	E-Waste:-	
	CPU Working	260.00
	CPU Not- Working	150.00
	CPU Empty	25.00
	Servers	260.00

Whereas **Kasireddy Narayanreddy College of Engineering and Research** has agreed to collect and give away the dry recyclable waste including any kind of paper waste, Metal waste, Plastic waste & E-waste generated in its college.

1. **NOW THIS MOU WITNESSETH AS UNDER:**

This is an agreement for a synergic alliance between **Kasireddy Narayanreddy College of Engineering and Research** and **Rebox** for the social cause of recycling of Dry Waste and Environment Protection through recycling.

2. **Time period:** This MOU shall be for a period of **Five years** commencing from the date of signing of this MOU.

3. **Roles and Responsibilities of Kasireddy Narayanreddy College of Engineering and Research:**

1. To ensure source segregation of dry and wet waste at college premise through its Teaching staff, housekeeping staff and Students.
2. Kasireddy Narayanreddy College of Engineering and Research will give away any kind of paper waste (white papers, records, newspaper, carton boxes etc), metal waste, plastic waste & e-waste.
3. Kasireddy Narayanreddy College of Engineering and Research shall motivate students to bring dry recyclables like paper, plastic, metal etc. from their home and contribute to Rebox.

REBOX

4. Kasireddy Narayanreddy College of Engineering and Research will put-up color-coded bins for waste segregation at different points in college premises.

4. **Roles and Responsibilities of URBAN REBOX:**

1. Rebox will collect dry recyclable waste and old records from college and bring to their facility without any spillage.
2. Rebox will organize sorting of the dry waste into different categories, baling, and appropriate disposal of dry waste.
3. Rebox shall undertake necessary measures for dispatch of the sorted recyclables for recycling at its own cost.
4. E-waste will be recovered by Rebox authorized partnering company and safely dismantle/discard the waste. The partner company is registered and approved by CPCB.
5. Rebox will make payment to Kasireddy Narayanreddy College of Engineering and Research directly into their accounts for the dry recyclable waste collected against the accurate weighing and the type or category of the dry waste. The payment shall be made no later than 15 days from the date of purchase of dry waste from the waste collector. Rebox on the request of Kasireddy Narayanreddy College of Engineering and Research may give New A4 paper sheets, Notebooks and Stationery against the value of dry recyclable waste lifted.

5. **Performance of Obligations**

1. The details laid out in this MOU, notwithstanding the essence and spirit of this MOU is an understanding between Kasireddy Narayanreddy College of Engineering and Research and Rebox.
2. Any notice or other communication under or in connection with this agreement shall be in writing in the English language and shall be delivered personally or sent by way of e-mail to the party due to receive the notice or communication at its address set out in this contract or such other address as either party may specify by notice in writing to other.

REBOX

6. Execution of this Agreement shall be deemed to be

- a) A confirmation by both the parties that no benefit, either in cash or kind has been provided by either party to the other party or to any officer or employee, or any relative/ associate of any officer or employee of either party or of any of their associate institutions/companies in order to enter into this Agreement, and
- b) An undertaking by both the parties not to provide any benefit, either in cash or kind to any officer/employee/relative/associate of any officer or employee of either party as reward or consideration either for entering into this MOU or other matter relating to this Agreement.

Other Terms

7. **Force Majeure:** Neither party shall be liable for damages for any delay or failure to perform its obligations here under, if such delay or failure is due to reasons beyond the control of the concerned party including without limitation, strikes, riots, wars, fires, epidemics, quarantine restrictions, unusually severe weather, earth quakes, explosions, acts of God or state or any public enemy or acts mandated by applicable laws, regulation or order, whether valid or invalid, of any Governmental body.
8. **Dispute Resolution:** It is understood by both the parties that this Agreement is for a social cause and not to make any profit out of the understanding. The Parties covenant that they will comply with all applicable laws and regulations in their conduct pursuant to this Agreement. Any dispute arising out of this Agreement shall be first attempted to settle amicably between the parties.
9. **Arbitration:** Any dispute which is not resolved amicably shall be finally settled by binding arbitration in respect to the matters concerning to the MOU with the Sole Arbitrator to be appointed by the mutual consent of both the parties. The Parties agree that the decision or award resulting from arbitration shall be final and binding upon the Parties. Pending the submission of and/or decision on a dispute, the Parties shall continue to perform their respective obligations under this Agreement without prejudice to a final adjustment in accordance with such arbitration award
10. **Governing and Jurisdiction:** This Agreement is subjected to the Jurisdiction of Courts at Hyderabad.
 - Both the parties shall agree that it will not make use of, disseminate, or in any way disclose any confidential information to any person, firm or business. Furthermore, the existence of any discussions, negotiations or agreements in progress between the parties shall not be released to any form of public media without written approval of both parties.

The certificate is presented on a light blue background with green decorative swirls. At the top right is the **NERLI** logo with the tagline 'NextEra Energy Resources'. The main title reads 'CERTIFICATE OF APPRECIATION IS PRESENTED TO'. Below this, the recipient is identified as 'KASIREDDY NARAYANREDDY COLLEGE OF ENGINEERING AND RESEARCH'. The text describes the achievement: 'For Partnering with NextEra Energy Resources and contributing 1580 Kgs of Dry Recyclable Waste for Recycling during the period of 2017-18 With your valuable contribution of Dry recyclable waste you have prevented 3.63 MT of CO2 emission'. At the bottom center is a green recycling symbol. To its right is a circular seal with the text 'NextEra Energy Resources' and 'Kasireddy Narayanreddy College of Engineering and Research'. Below the seal, the name 'MVN REDDY' and title 'CEO' are printed. The phrase 'Let's Recycle Together' is written in green at the bottom left of the certificate area.

Policy for Scribe

Guidelines for use of scribe/paper writer for visually handicapped/orthopedically/handicapped students:

- A Scribe/Paper Writer shall be allowed to the examination, on behalf of a visually handicapped student or/and orthopedically handicapped (whose writing speed is affected by Cerebral Palsy). In all such cases, the following rules will be applicable:
- The student will have to arrange his/her own Scribe at his/her own cost and get prior approval from CoE.
- The academic qualification of the Scribe should not be more than intermediate.
- Both the student as well as the Scribe will have to give an undertaking as per the format attached (Annexure-V), that the Scribe fulfills the stipulated eligibility criteria. In case, if it later transpires that the Scribe did not fulfill any of the laid down eligibility criteria or had suppressed material facts, all the examinations the scribe wrote for the student shall stand cancelled.

12th July 2017

Policy for Divyangjan Students

Admission Policy:

- KNRCER provides equal educational opportunities to disabled persons for their learning.
- The Institution adheres to follow the instructions set by the affiliated university JNTUHH, Hyderabad in the admission procedure.
- The institution strictly follows the PWD act, 1995 that provides all Government Educational institutions and other educational institutions receiving aid from the government shall not reserve less than three present seats for persons with disabilities.

Facilities:

- For physically Disabled student's ramps/lifts are provided for their easy access to all facilities on different floors. Separate washroom for differently-abled students is also provided.
- In addition to the above, the institution provides minimum needs such as wheel chairs.
- Care is taken to allot ground floor classrooms for differently-abled students.

Use of Readers & Scribes for Exams:

- The institution takes proactive steps to support disabled students during examinations in terms of easy identification of rooms and accessibility.
- Arrangement of scribe for examinations considering the nature of disability.

Faculty Responsibility:

- Faculty should implement best practices in teaching to reach learning among disabled.
- Maintain the confidentiality of students who disclose their disability.

Software:

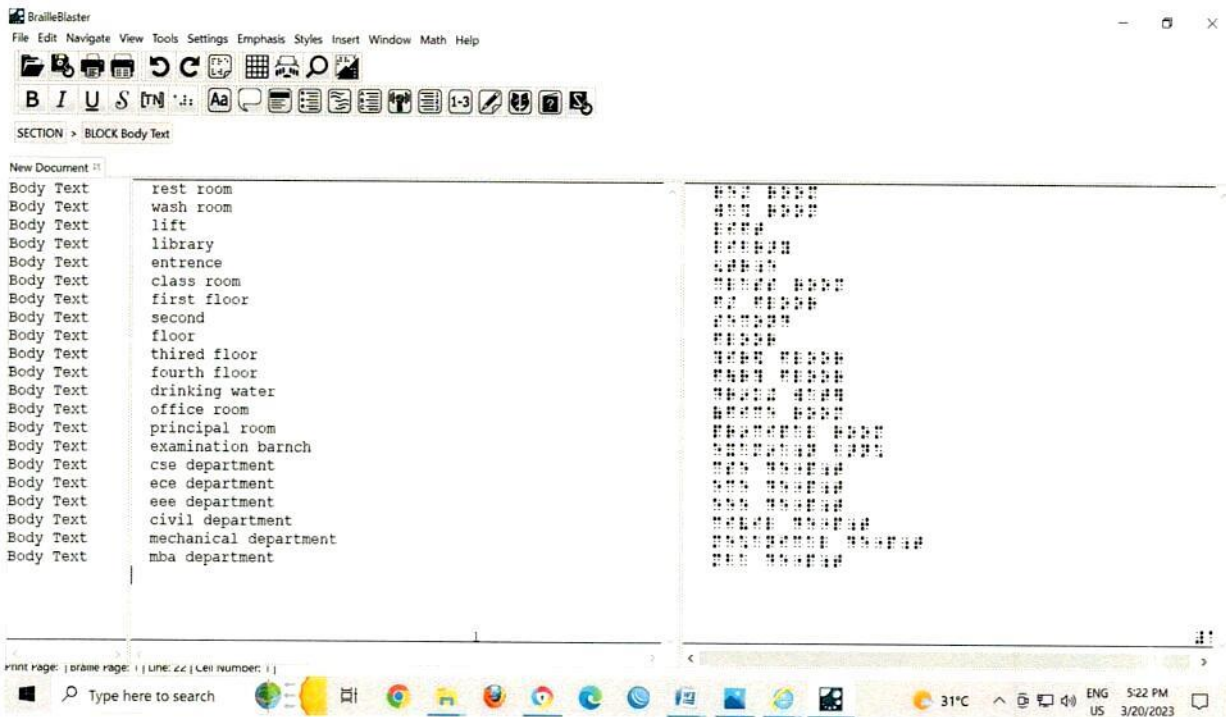

Details of software procured for providing the assistance

Braille Blaster

Braille Blaster is Braille transcription program developed by the American printing house for the blind to help transcribers provide blind students with Braille textbooks on the first day of the class. Designed primarily for editing textbooks. That meet the specifications published by the Braille authority of north America, The purpose of the BrailleBlaster is to help the Braille producers

Ensure that every student as their Braille textbooks on the first day of class. Braille Blaster relies on Liblouis, a well-known open source Braille translators, for translating text and mathematics to Braille. It is a open source software.
